Dear Sir:

As a consultant to Military Police, Criminal Investigation Division, and Military Intelligence, I am interested in any information you may have which is related to personnel selection.

More specifically, we are endeavoring to develop psychological assessment techniques and criteria to better identify candidates for certain classified assignments. In particular, we are interested in an MMPI and WAIS profile.

Please advise, at your earliest convenience, as to any assistance you may be able to provide. The commander of the organizations aforementioned, as well as myself, are authorized to receive classified information.

Thank you for your assistance.

Sincerely,
